

Dear customers,

July 2023

## ULVAC Components News

### End of support and maintenance

We appreciate your business and look forward to serving you in the future.

– Detail –

The Sales support of Turbo-molecular Pump in HELIOT 710 series will end at the end of June 2025.

1. Object model/Maintenance term  
Turbo-molecule Pump in Leak detector HELIOT 710 series
2. Last day for maintenance orders  
June 30, 2025
3. Succeeding model  
Leak detector HELIOT900series

We continue to maintain HELIOT 710 series as long as possible.  
However, there will be some parts unavailable to supply due to the end production.  
Furthermore, in order to prevent troubles caused by the inability to repair HELIOT 710 series, we recommend the upgrade of HELIOT 710 series to HELIOT 900 series.

Sincerely

Toshio Tanabe  
Senior Manager  
Sales Dept
