

ULVAC's Businesses

Across a wide range of industries, ULVAC is a source of numerous products and technologies that meet the needs of our customers and the market.

At present, ULVAC operates businesses in six areas.

Net sales by business segment (amount and %)

Vacuum Application Business

¥30.6 billion 17%

Others ¥17.1 billion

ULVAC is a source of technology derived from vacuum-based production equipment for diverse industries.

Materials ¥13.5 billion

ULVAC is a source of electronic materials, such as sputtering targets, for diverse industries. In addition, in the high-performance materials sector, ULVAC is a source of integrated manufacturing and precision processing technologies for titanium, tantalum, zirconium, niobium, etc.

Industrial equipment ¥18.4 billion

ULVAC has been involved in this business sector since the emergence of vacuum technology in the 1950s. Leveraging the fundamental technology it has developed so far, ULVAC currently provides various solutions across wide-ranging industries, including the automobile, pharmaceutical, and food industries.

Components ¥29.1 billion

As a comprehensive vacuum product manufacturer, ULVAC is also dedicated to the development of components. ULVAC pursues cutting-edge vacuum technology while providing a wide range of product lines, extending from vacuum pumps and measurement and analysis equipment, to components, such as power generators for various types of deposition equipment and vacuum valves.

Vacuum Equipment Business

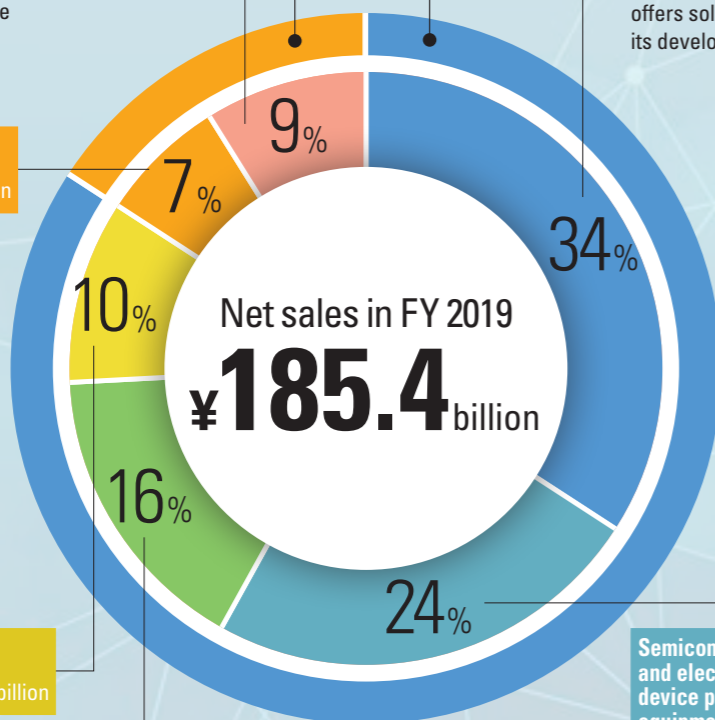

¥154.8 billion 83%

FPD and PV production equipment ¥62.1 billion

ULVAC not only develops a range of FPD and PV production equipment but also offers solutions worldwide that leverage its development of advanced materials.

Semiconductor and electronic device production equipment ¥45.1 billion

Higher integration and higher performance at lower cost are demanded for next-generation semiconductors and other high-performance devices. Based on its development of super-miniaturization technologies for such semiconductors and other electronic devices, ULVAC delivers a stream of new technologies and products to the world that underpin the progress of society.
